ACCOUNTANT (Federal Career Intern Program)

Rural Development Profile

Rural Development (RD) is the U. S. Department of Agriculture's (USDA) agency that is committed to helping improve the economy and quality of life in all of rural America. Through our programs, we touch rural America in many ways. Rural Development Mission Area includes Housing and Community Facilities Programs, Business and Cooperative Programs, Utilities Programs, and a widely dispersed field office structure of 47 State Offices.

Rural Development is seeking a bright and motivated individual who is interested in performing a variety of assignments which supports the mission and vision of the Department of Agriculture.

What is the Career Intern Program

The Career Intern Program is designed to attract college graduates and experienced professionals interested in a career with the Federal Government. Individuals are appointed to a two-year paid internship program which provides training, development, and valuable full-time on-the-job work experience. After successful completion of the program, interns may be eligible for conversion to a permanent position without further competition.

Position Information

On a developmental level, the incumbent will participate fully with senior level field accountants in accounting activities of Rural Utilities Programs' electric and telecommunications borrowers in an assigned geographical area. This position leads to the GS-13 level and work assignments will provide increasingly in-depth exposure to loan and accounting reviews that will ensure loan funds are being properly utilized by Utilities borrowers. The incumbent will also provide technical accounting guidance to borrowers installing accounting systems, and will examine applicants' and borrowers' records to determine that accounts are fairly stated. In a trainee capacity, the incumbent ensures that accounting systems conform to the requirements of state and Federal regulatory bodies and Utilities are being maintained. **This position involves 50% - 75% travel.**

Knowledge Required for the Position

GS-7 Level: Basic knowledge of conventional and generally accepted accounting procedures, practices, concepts, standards, theories, general principles, and accounting systems design is required sufficient for the incumbent to perform various and increasingly challenging, developmental, and professional accounting work assignments.

GS-9 Level: Knowledge of the concepts, standards, theories, practices and principles of automated and modern commercial, financial, and governmental accounting and recent trends and advances in the field of accounting and automated systems to analyze and complete assigned projects. Knowledge of and ability to apply legislation, reporting requirements, instructions, and circulars, in order to analyze and recommend solutions to accounting problems.

Educational Requirements

You must have successfully completed a full 4-year course of study with a major in accounting (or a related field, such as business administration, finance, or public administration that included 24 semester hours in accounting). The 24 semester hours may include up to 6 hours of credit in business law. A combination of education and experience may be creditable for entry and higher-graded positions. If you apply using a combination of education and experience, you must have at least 4 years of experience in accounting, or an equivalent combination of accounting experience, college-level education and training that provided professional accounting knowledge. Your background must also include one of the following:

- 1) Twenty-four semester hours in accounting or auditing courses of appropriate type and quality. This can include up to 6 hours of business law;
- 2) A certificate as a Certified Public Accountant or a Certified Internal Auditor, obtained through written examination; or
